

RAJESH YADAV

+91-9569597275 | rajesh.infooo@gmail.com | Ghaziabad, UP | github.com/Rajeshydv07 | leetcode.com/Rajeshydv07

OBJECTIVE

IT undergraduate with hands-on ML experience in supervised learning, feature engineering, and model evaluation. Applying to Amazon ML Summer School to deepen expertise in large-scale ML and applied AI under industry mentorship.

EDUCATION

B.Tech — Information Technology ABES Engineering College, Ghaziabad	Nov 2023 – July 2027
CGPA: 6.49 Coursework: DSA, OOP, OS, DBMS, Web Technologies, AI/ML	
Class 12th — S.K.I.C, Mau, UP	2021 78%
Class 10th — S.K.I.C, Mau, UP	2019 82.3%

TECHNICAL SKILLS

ML / AI	Scikit-learn, Logistic Regression, Random Forest, Decision Tree, Feature Engineering, RAG basics, LangChain, Prompt Engineering
Languages	Python, C++, Java, JavaScript, HTML5, CSS3, SQL
Frameworks	ReactJS, Streamlit, Node.js (basics), Pandas, NumPy, Matplotlib, Seaborn
Cloud & Tools	AWS Cloud Fundamentals, Docker (basics), Git, GitHub, Vercel, MySQL, Firebase
Core CS	DSA, OOP, Operating Systems, DBMS, Agile, CI/CD basics

PROJECTS

Mental Health Prediction — ML Pipeline 2024

Python · Scikit-learn · Pandas · NumPy · Matplotlib · Seaborn

- Built end-to-end supervised ML pipeline on 1,000+ records covering full data science lifecycle: EDA, preprocessing, training, evaluation, and deployment-ready packaging.
- Benchmarked Logistic Regression, Decision Tree, and Random Forest; Random Forest achieved 88% accuracy as the best-performing model.
- Reduced data noise by ~25% via missing-value imputation, categorical encoding, and feature scaling; improved model interpretability by 30% using feature importance visualizations.

AI Chatbot — LangChain + Gemini API In Progress

Python · LangChain · Gemini API · Streamlit

- Building context-aware multi-turn chatbot with Google Gemini API and LangChain; applying prompt engineering and RAG basics to reduce hallucinations and improve response accuracy.

TechNova Solutions — Full-Stack Web App 2024

HTML5 · CSS3 · JavaScript · Git · GitHub Pages | Live: rajeshydv07.github.io/TechNova/

- Deployed responsive corporate landing page with JS-validated form; zero layout breakage across Chrome, Firefox, and Safari.

CERTIFICATIONS

- Machine Learning with Python — IBM Developer Skills Network / CognitiveClass (2024)
- Power BI Workshop — DUCAT, Ghaziabad (2024) | AI Tools Workshop — be10X (2024)
- Pursuing: AWS Cloud Practitioner Essentials | HackerRank Python & SQL

ACHIEVEMENTS & COMPETITIVE PROGRAMMING

- Solved 100+ DSA problems on LeetCode and GeeksforGeeks — arrays, linked lists, trees, graphs, dynamic programming.
- Delivered complete ML project lifecycle independently; improved debugging efficiency by ~40% through systematic error analysis across Python and Java codebases.
- Actively contributing to personal and public GitHub projects; open to open-source collaboration.
